NEW YORK REAL ESTATE NEWS

DAY ONE | WEDNESDAY 24TH FEBRUARY

8:30 EST | 13:30 GMT

CHAIRPERSON WELCOMEGreg Lindsay, [Journalist, Urbanist & Director of applied research, NewCities](#)

TWENTYTWO BISHOPSGATE: A NEW WORKPLACE CONCEPT

8:45 EST | 13:45 GMT

THE VISION FOR LONDON'S VERTICAL VILLAGESir Stuart Lipton, [Partner, Lipton Rogers Developments LLP](#) / Philip Ross, [CEO, UnGroup](#)

Sir Stuart Lipton has been at the forefront of innovation, place-making, planning and industry leadership, and at the centre of creating a large proportion of London's most iconic developments. Sir Stuart will open the event by sharing the original vision for 22 Bishopsgate – the most eagerly anticipated addition to urban landscape in a long time - and how this landmark building reflects a broader vision of development as a force for social good.

9:10 EST | 14:10 GMT

EXPERT PANEL: DESIGNING & ENABLING 22 BISHOPSGATEJeremy Myerson, [Director, WORKTECH Academy & Research Professor, RCA](#) / James Goldsmith, [Head of Leasing, AXA IM](#) / Karen Cook, [Founding Partner, PLP Architecture](#)

Experts discuss the buildings' design process, exploring the key aspects that make this campus so unique, including why health, wellbeing and community are at the very heart. As part of the return-to-work agenda, we will also explore how experience plays a pivotal role in the future workplace. We'll explore the different facets of 22 Bishopsgate unique community which provides over 100,000 sq. ft of inspiring shared spaces, services and experiences, designed to meet the needs of its diverse, connected community.

9:35 EST | 14:35 GMT

NETWORKING BREAK AND VIRTUAL EXHIBITION

SMART TECHNOLOGY: ENABLERS AND INNOVATIONS

10:00 EST | 15:00 GMT

A BLUEPRINT FOR THE OFFICE OF THE FUTUREPhilip Ross, [CEO, Ungroup](#) / Harry Badham, [UK Head of Development, AXA Real Estate Investment Managers](#) / Dan Drogman, [CEO, Smart Spaces](#) / Sam Wood, [Head of Business Development – UKI Digitisation & Connected Communities, Cisco](#)

As a smart building, 22 Bishopsgate uses state-of-the-art technology to increase efficiency and reduce points of friction for occupiers and guests. Some of the pioneering technologies include opt-in facial recognition for touchless entry, a smartphone app for building access, food ordering and room booking; and collaboration technology which supports a hybrid work model. In this session, experts discuss the benefits and expectations for smart technology that support a seamless, safe and smart experience for the future of work.

10:40 EST | 15:40 GMT

COFFEE BREAK

10:50 EST | 15:50 GMT

SMART CAMPUS, BUILDINGS AND WORKSPACESSam Wood, [Head of Business Development – UKI Digitisation & Connected Communities, Cisco](#) / Mark Needham, [EMEA Hybrid Workplace Lead, Cisco](#)

What is the “next normal” in the future of work? What will be the lasting effects of the pandemic's impact on the way we work? How will forward thinking real estate developers, operators and businesses adapt to ensure the working environments they build, manage or utilise adhere to evolved ways of working in the next normal. How will businesses ensure the safe return to the office and optimise the office and home “Hybrid” working environments.

11:20 EST | 16:20 GMT

PRACTICAL TIPS FOR SMART WORKPLACE SUCCESS POST-COVIDJeroen Gieling, [Director Workplace, Vecos Smart Locker Systems](#)

Office functionalities change post-COVID” is all over the news. On the minds of those in charge is not only how to change the workplace, but also how to make sure that new workplace is a success. This presentation covers inspiring case studies of how smart technology in some of the world's foremost smart buildings, incl. 22 Bishopsgate, supports in realising a workplace that works. You walk away with practical tips to apply immediately and increase the success rates of your smart workplace plans post-COVID.

11:50 EST | 16:50 GMT

NETWORKING BREAK AND VIRTUAL EXHIBITION

POWERED BY SMART: ACCELERATING THE AUGMENTED BUILDING

12:15 EST | 17:15 GMT

THE FUTURE OF CONNECTED BUILDINGSPhilip Ross, [CEO, Ungroup](#) / Tim Creswick, [CEO, Vorboss](#)

With new connectivity technologies unlocking opportunities along the IoT value chain, companies must create detailed plans to harness their potential. They must be open to change, adapting their game plan to suit new connectivity standards and customer preferences for simplicity. Likewise, they should be prepared to investigate new business models, since advances in IoT connectivity may open some surprising opportunities.

12:45 EST | 17:45 GMT

DEMYSTIFYING DIGITISATION: THE 22 BISHOPSGATE STORY AND BEYONDClive Walton, [ICONICS UK](#) / Andrew Dyke, [Director Intelligent Buildings, ICONICS UK](#) / Nilesh Parmar, [Chief Entrepreneur, Arcadis](#) / Peter Bicknell, [Head of Engineering, 22Bishopsgate](#)

When we talk about digital transformation, data is everything. But how do we leverage the tidal wave of data our buildings are producing to transform the way we build, maintain and occupy our spaces? In this session, our expert panel s will explore how 22 Bishopsgate are leveraging data and AI to revolutionise their FM strategy, as well how data can and must underpin behavioural change in the new world of workplace.

THE FUTURE WORKPLACE: A DESTINATION OF CHOICE

13:15 EST | 18:15 GMT

EXPERT PANEL: THE OCCUPIERS PERSPECTIVEImogen Privett, [Workplace Innovation Consultant & Senior Research Associate, WORKTECH Academy](#) / Roee Peled, [VP Global Sales and Business Development, PointGrab](#) / Simon Robinson, [Head of UK and ROW Facilities, BEAZLEY GROUP LIMITED](#) / Matt O'Halloran, [Director, Smart Spaces](#)

22 Bishopsgate is a new, people-focused workplace destination, expected to accommodate a community of up to 12,000 residents and visitors, and a working assumption that it will normally operate with about 6000 personnel at any one time. This panel will discuss why 22 Bishopsgate is the workplace of choice, and how this people focused smart building can support the evolving needs and future aspirations of the diverse businesses and people that inhabit it.

13:45 EST | 18:45 GMT

CHAIRPERSON CLOSING REMARKSJeremy Myerson, [Director, WORKTECH Academy](#)

14:00 EST | 19:00 GMT

CONFERENCE CLOSE

DAY TWO | THURSDAY 25TH FEBRUARY

9:00 EST | 14:00 GMT

CHAIRPERSON WELCOMEJeremy Myerson, [Director, WORKTECH Academy](#)

SMART THINKING: THE NEXT WAVE

9:10 EST | 14:10 GMT

SMARTER BUILDINGS: A GLOBAL PERSPECTIVECoen van Oostrom, [CEO & Founder, EDGE Technologies](#)

We will explore leading smart buildings and their innovations that have previously disrupted the market or are set to influence the future of the industry in the coming months and years.

9:40 EST | 14:40 GMT

EXPERT PANEL: NOW AND NEXT – THE JOURNEY TO SMARTNigel Miller, [Managing Director, Cordless Consultants](#) / Mohamed Helal, [Global Facilities Manager, Schlumberger](#) / Juuso Ilmelä, [Sales Director, Haltian](#) / Yannick Kok, [Smart Office Advisor, Mapiq](#)

From home working to office working, this session will explore the complete journey to smart. As well as rounding up key points from earlier sessions, this discussion will focus on the practical steps you can take to leverage and enhance existing solutions and applications, and also consider new smart technologies that will be fundamental to supporting the workforces' gradual transition back to the office.

10:10 EST | 15:10 GMT

NETWORKING BREAK AND VIRTUAL EXHIBITION

SMART OFFICE DESIGN

10:45 EST | 15:45 GMT

FIVE THEMES OF SMART OFFICE DESIGNJeremy Myerson, [Director, WORKTECH Academy](#) / James Goldsmith, [Head of Leasing, AXA IM](#) / Simon Jordan, [Co-founder, Jump Studios](#) / Ab Rogers, [CEO & Founder, Ab Rogers Design](#)

People returning to office buildings post-pandemic will want to work in smart environments that support learning, creativity and natural wellbeing, and are radically inclusive and green. 22 Bishopsgate partnered with WORKTECH Academy to commission five Workplace Design Journals on these themes from five leading design firms. On this panel, experts join Academy Director Jeremy Myerson to discuss the changing parameters of office design in response to heightened employee needs and expectations.

11:15 EST | 16:15 GMT

QUALIFIED BLUETOOTH MESH: UNLOCKING THE VALUE OF THE BUILDINGAlexander Demeulenaere, [European Project Support Engineer – Smart Lighting, Sylvania](#)

Facilities managers are growing increasingly conscious that the buildings they manage need to be more efficient, more sustainable, compliant future-proof. We will show how Sylvania delivered a leading European Facilities Company, its' SylSmart Smart Lighting platform. Built on qualified Bluetooth mesh, it delivers outstanding energy savings without compromise on occupancy comfort, intuitive and non-disruptive implementation whilst ensuring reliability at scale, security designed in and enabling a future-proof installation ready for 3rd party applications and unlocking the value of their building.

11:45 EST | 16:45 GMT

NETWORKING BREAK AND VIRTUAL EXHIBITION

SUSTAINABLE FUTURES: HEALTHY BUILDINGS, PEOPLE & CITIES

12:15 EST | 17:15 GMT

WELL HSR: THE NEW GLOBAL BENCHMARK FOR HEALTHY, SAFE FACILITIES MANAGEMENTAnn Marie Aguilar, [Senior Vice President, EMEA, International WELL Building Institute](#)

THE WELL Health-Safety Rating is an evidence-based, third-party verified rating for all new and existing building and facility types focusing on operational policies, maintenance protocols, stakeholder engagement and emergency plans. Designed to empower owners and operators across large and small businesses alike to take the necessary steps to prioritise the health of their staff, visitors and stakeholders, the rating can help organisations get back to business by instilling confidence in those who frequent the building and the broader community.

12:45 EST | 17:45 GMT

EMBRACING THE ROLE OF WORKPLACE IN CIVIC LIFEAmy Hindson, [Director Business Development, SITU](#) / Aisha Glover, [VP, Urban Innovation, Audible](#) / Kate Wittels, [Partner, HR&A](#) / Clare Newman, [President & CEO, Governor's Island](#)

This panel seeks to re-frame the “return to work” debate by bringing together leaders from enterprise companies, real estate and civic institutions around a central question: ‘how will recent changes in commercial development and ‘the future of work’ shape neighbourhoods and cities post Covid19? Economically, socially and even physically? Centred at the intersection of supporting employees, rethinking commercial spaces and understanding urban growth, this panel will discuss how businesses are pivoting their real estate strategies in the wake of the pandemic.
