CHAIRPERSON'S WELCOME

A NEW WORLD OF WORK: CHALLENGES & EMERGING TRENDS

10:10 EDT | 15:10 BST

FROM SURVIVING TO THRIVING: HOW TO THINK LIKE A FUTURIST

Brian David Johnson, Best-Selling Author, Futurist in Residence, Arizona State University

The future of work can often feel uncertain and complex. Emerging technologies, cultural changes, geopolitical conflicts, climate disruptions and shifting economies can feel overwhelming and bleak. But what if you could think like a futurist, exploring a range of possible and potential futures? What if you had the ability to envision the future you want and the tools to get you there? Futurist and author Brian David Johnson will show you how to think like a futurist, dispelling myths about the future and exploring what he sees coming for the future

10:45 EDT | 15:45 BST

KEYNOTE: STATE OF THE WORKPLACE

Philip Ross, Founder & CEO, Cordless Group and UNWORK

WORKTECH is founded on the principle that a harmony of people, place and, above all, technology should form the basis for how organisations plan the future of work. Amid the global pandemic, this vision has swum into focus as companies have pivoted to a new model with remote working and a hybrid model at its core. In this session, Philip Ross will share how marginal ideas have become mainstream and by sharing an overview of emerging trends and latest innovations shaping the world of work, he will paint a portrait of the transforming landscape and share tools on how companies can embrace the New World of Work to create new paradigms for workplace.

11:20 EDT | 16:20 BST

NETWORKING BREAK AND VIRTUAL EXHIBITION

A NEW REALITY: PHYSICAL - DIGITAL WORKING

11:45 EDT | 16:45 BST

EXPERT PANEL DISCUSSION: EXTENDED REALITY IN THE NEW WORLD OF WORK

Moderator: Peter Mischovich, Managing Director, Strategy + Innovation, JLL / Philip Ross, Founder & CEO, Cordless Group and UNWORK / Daniel Guenther, MD & Lead - Extended Reality, Accenture / Marco Tempest, Luminary and Extended Reality Lead Consultant, Accenture

Technology now plays a more vital role than ever in our daily working lives. In this panel, we will hear from leading players in the industry on how emerging technologies are augmenting the physical and digital workplace experience and helping organizations to future-proof their workplace strategies. Digital workplace technologies will transform the world of work - from extended reality/virtual reality to immersive collaborative platforms - our experts will shed light on the key tech innovations that are redefining the future of work.

12:30 EDT | 17:30 BST

IMPLEMENTING MIXED REALITY TO ENABLE THE WORKPLACE

Andy Repton, Executive Director, Global Technology, JPMorgan Chase

The era of virtual and augmented reality might finally be upon us. After years of promises and false starts, Covid-19 has driven a record number of workers remotely and could usher in the regular use of Virtual Reality (VR) and Augmented Reality (AR) at home and in the workplace. This session will discuss how organisations can invest in virtual reality technology and virtual environments to support their future workplace strategies and enhance employee experience

13:00 EDT | 18:00 BST

NETWORKING BREAK AND VIRTUAL EXHIBITION

THE NEXT WAVE OF SMART THINKING FOR WORK & WORKPLACE

Valerie Riedo, Head of Digital Real Estate, Swiss Post / Sabine Ehm, Thought Leadership & Research Manager, Locatee

Swiss Post follows a clearly structured innovation process from the idea, through to the project and implementation geared at large scale. This has helped them to identify opportunities and take up ideas early on already pre-pandemic. Consequently, Swiss Post is leading Real Estate change and the design and delivery of employee experience with a data driven approach. In this session they will share how they develop and evaluate innovative ideas and exploit occupancy data to drive efficiency, sustainability and employee wellbeing.

11:55 EDT | 16:55 BST NETWORKING BREAK AND VIRTUAL EXHIBITION

12:15 EDT | 17:15 BST THE GREAT SPACE RACE - HOW TO CHART YOUR COURSE, WITH DATA

Alex Birch, Co Founder & CEO, XY Sense

With teams coming back to offices and downsizing pressure increasing, there's a race on to find the right configuration of space and occupancy. How much space do we need? And what kind? Do I change my ratios and leasing strategy? Will it all change again once everyone is vaccinated and re-boarded? In this session, you'll join Alex Birch, Cofounder & CEO of XY Sense for an in-depth discussion on the challenges and opportunities the hybrid workplace brings when it comes to space planning and how real time occupancy data can help you chart your course out of the unknown.
