A warm welcome to WORKTECH24 Amsterdam

WORKTECH is the fastest growing forum for all those involved in the future of work and the workplace as well as real estate, technology and innovation.

Never before has the workplace, and the way we work been so high on the agenda for organisations. As we make the great return to the office, how can organisations build engaging workplace experiences and cultures for their people?

You are invited to join 100+ senior professionals from real estate, facilities, HR, technology, executive management, architecture, design and professional advisors to listen to global thought leaders, and share best practice and expertise.

The conference will be run in one stream, which means our delegates will get to attend every speaker presentation. We will also have a curated innovation exhibition happening in the breakout areas for attendees to meet with our education partners, complementing learning throughout the day, as well as three networking breaks, creating time for attendees to meet the other participants.

We hope you will be able to join us and we are looking forward to welcoming you to the event on 22nd May.

**Warmest regards,
Sophie**

KEY INFORMATION

MEET THE SPEAKERS

WORKTECH Amsterdam will attract some of the biggest and brightest names to debate, discuss, and divulge the latest thinking on the future of work and the workplace.

The conference will feature leading international thinkers from industry and academia. Our speakers represent some of the world's biggest brands and best universities and research departments, alongside radical visionaries from new innovative organisations.

Through interdisciplinary speakers and learning experience, we focus on bringing cutting edge ideas and inspiration to the workplace community to enhance creativity and move thinking forward. Instead of focusing on peer to peer innovation through imitation, we aim to curate a unique programme, bringing together experts in the fields of people, place and technology and relevant adjacencies to reflect on the future of work and workplace.

Alongside the conference series, the WORKTECH Academy knowledge hub explores the future of work through six key themes: people, place, technology, design, culture and innovation. Creating leading commentary, research and publications that places scientific research at the heart of key business problems. www.worktechacademy.com

SESSION HIGHLIGHTS

The future of work and the workplace is on everyone's agenda. This event brings thought leaders together to share cutting edge ideas on the future, from both a people, place, and technology perspective. It will allow an understanding of the key drivers of change and enablers of innovation that will shape how, where and when work takes place.

Key themes we will be discussing at this event include:

Data-Driven Workplace Strategies and Transformations

Is your organisation using the right tools and metrics to influence innovations in workplace strategy? We explore how identifying and utilising the most pertinent data sets can help take actions which result in more productive, engaged and motivated team members. Hear examples of data-driven cultures as well as new technologies and innovations helping leading organisations deliver best workplace practice in Amsterdam and beyond.

Workplace Experience

Companies are accelerating plans to invest in new technology, creating flexible and functional working environments. We will examine the latest workplace technologies and innovations that will support workplace experience, distributed working, and the built environment in 2024 onwards.

Sustainable Futures: Rethinking Work, Architecture and Design

In the wake of the global pandemic, we have accelerated shifts in our understanding of how we work, where we work, and the impact of our work on the planet. These sessions explore the pivotal challenges and opportunities that lie ahead as we envision a more sustainable, resilient, and purpose-driven future.

Peak Performance: Designing the Future of Work for Exceptional Individuals

Join us as we delve into the latest research, methodologies, and innovations that empower individuals to reach and sustain their highest levels of performance. From cultivating a culture of continuous improvement to leveraging cutting-edge technologies, our conference aims to provide a platform for thought leaders, practitioners, and enthusiasts to exchange insights and strategies for unlocking peak performance in the workplace.

The city has been the company's hometown for the past two decades. Inside its brand-new office at the tip of Oosterdokseiland, the Booking.com team works in a lively environment where they can meet, collaborate, and unwind. The company's unique culture is centred around inclusion, flexibility, and authenticity; its innovative Amsterdam HQ underpins the teams' shared connection to the company's mission.

CONFERENCE AGENDA

09:00 - 17:00

09:00 CHAIRPERSON'S OPENING REMARKS

Kasia Maynard, Head of Research & Editorial, WORKTECH Academy

09:15 HOST WELCOME

Jon Paul Arrosagaray Klimann, General Manager, Zoku Amsterdam

DATA-DRIVEN WORKPLACE STRATEGIES AND TRANSFORMATIONS

Is your organisation using the right tools and metrics to influence innovations in workplace strategy? We explore how identifying and utilising the most pertinent data sets can help take actions which result in more productive, engaged and motivated team members. Hear examples of data-driven cultures as well as new technologies and innovations helping leading organisations deliver best workplace practice in Amsterdam and beyond.

09:20 THE SHIFTING LANDSCAPE OF ORGANISATIONAL DYNAMICS: NAVIGATING AI DISRUPTION

Prof. Dr. Marleen Huysman, Director of the KIN Center for Digital Innovation, Vrije Universiteit Amsterdam

Jana Retkowsky, Postdoctoral Researcher, KIN Center for Digital Innovation, Vrije Universiteit Amsterdam

How is the use of generative AI changing knowledge and creative work in your organisation? Marleen & Jana join us at WORKTECH from the KIN Center for Digital Innovation to share new research into how the use of AI is impacting traditional knowledge ties between peers, what the long-term consequences are for organisational dynamics, and how business leaders can prepare for these implications and future-proof their workforce.

09:50 KEYNOTE SESSION

There are limited opportunities within the agenda for commercial partners to deliver relevant thought-leadership messages to our global audience of senior workplace professionals. For more information please contact Sophie Gillespie sophie.gillespie@worktechevents.co.uk.

10:20 NETWORKING & COFFEE BREAK

WORKPLACE EXPERIENCE

Companies are accelerating plans to invest in new technology, creating flexible and functional working environments. We will examine the latest workplace technologies and innovations that will support workplace experience, distributed working, and the built environment in 2024 onwards.

10:50 TO HYBRID OR NOT TO HYBRID? PLANNING THE OFFICE OF THE FUTURE IN A TIME OF CHANGE

Belinda Norman-Walker, Director, TMT Lead, Continental Europe, CBRE (ex-Uber)

Uber's journey to its new headquarters at Tripolis Park in Amsterdam encapsulates the contemporary challenge of redefining the office space amidst ever-evolving work dynamics. This case study explores the decision-making process behind the location selection, occupancy strategies, design principles, and metrics for success. Join Belinda as she shares how, by embracing innovative hybrid strategies, sustainability certifications like WELL and BREEAM, and employee-centric design principles, Uber sets a precedent for organisations seeking to thrive in a rapidly evolving landscape.

11:20 FLIGHT TO QUALITY: RETHINKING REAL ESTATE

Tom De Fruytier, Marketing & Business Development, Signify

Kasia Maynard, Head of Research & Editorial, WORKTECH Academy

With unprecedented levels of uncertainty shaping the landscape of the CRE market, a shift has emerged, characterized by a notable absence of significant asset movement. Companies, rather than embarking on traditional real estate investments, are increasingly opting to refurbish and refit. This session explores how best to navigate an ever-evolving business environment, with emphasis on the integration of energy optimisation and smart solutions.

CONFERENCE AGENDA

09:00 - 17:00

11:50 ELEVATING THE WORKPLACE EXPERIENCE: WHERE STRUCTURE MEETS HUMANITY

Ella Hafermalz, Associate Professor, KIN

Universiteit Amsterdam

Nicolaas Waaning, Global Head of Corporate
Real Estate Management, ING Bank

Hord Wbi, Change Manager Diversity, Equity
& Inclusion, Rabobank

In this dynamic panel discussion, cross-functional industry experts will spotlight active and newly completed workplace projects, exploring key considerations for attracting and retaining top talent, crafting hospitality-driven workplace experiences, and aligning workplace developments with sustainable and responsible business practices. Learn how these organisations draw inspiration from international sites, fostering a workplace that seamlessly integrates structure, culture and humanity.

12:30 INNOVATION PLATFORM

Mariska Meerveld, Enterprise Sales Benelux, Neat

12:35 NETWORKING LUNCH BREAK & INNOVATIONS EXPO

13:35 THINK TANK SESSIONS

An interactive and collaborative session for us to come together to discuss and share insights from the day's presentations, while also providing an opportunity for networking and socialising. Delegates are divided into small groups, taking turns sharing insights, reflections, and opinions on these topics:

DATA FOR CHANGE: THRIVING IN THE MODERN WORKPLACE

As the pace of technological advancements accelerates, we explore digital transformation and share lessons learned in navigating the modern workplace's digital terrain. How can we leverage workplace data alongside emerging disruptors like AI and spatial computing to thrive in the digital era?

MAGNETISING THE BUILT ENVIRONMENT

As business leaders strive to instil purpose and meaning within their physical workplaces, how can the power of digital storytelling be leveraged to seamlessly merge the physical and digital realms and magnetise people to the office? What tools and strategies can be used to reinvigorate physical spaces and transform them into places of engagement and meaningful collaboration?

TALENT OF THE FUTURE AND THE NEW EMPLOYEE VALUE PROPOSITION

Let us delve into strategies for attracting, retaining, and harnessing the potential of tomorrow's workforce. What innovative approaches can be leveraged to enhance culture and bridge organisational needs with the aspirations of the next generation of employees?

Lead facilitator:

Alexa Lightner, Global Business Development Manager, Mapiq

SUSTAINABLE FUTURES: RETHINKING WORK, ARCHITECTURE & DESIGN

In the wake of the global pandemic, we have accelerated shifts in our understanding of how we work, where we work, and the impact of our work on the planet.
